

DUNSTON PARISH COUNCIL

Tree Management Policy

Adopted 1e0/07/2025 - Version 1

Review Date 07/2026

1. Introduction

1.1. This policy sets out the Parish Council's approach to the management of trees on land owned by Dunston Parish Council only.

1.2. This document has been created to provide guidance for the public, Councillors and Council employees.

1.3. If a tree falls and causes injury or damage, the relevant landowner could be held negligent if they have failed to take sufficient care of the tree. Therefore, as a landowner, the Parish Council has a duty of care to ensure that all trees on Parish Council-owned land are kept in an acceptable condition and do not put people or property at unreasonable risk.

2. Inspection

2.1. All trees on Council-owned land will be inspected annually by a qualified tree inspector and any recommendations made will be considered by the Council in line with this policy.

3. Maintenance

3.1. Only essential / minimal works will be undertaken in order to manage a tree. The type of works undertaken will depend on the tree's location, the species of tree and its state of health at that time.

3.2. Regular inspections will be carried out to identify issues at the earliest juncture, so that preventative action can be taken where possible. Areas close to roads, buildings and with high public usage will be prioritised.

3.3. As a guide, tree works will be undertaken in the following circumstances:

- a. Where an inspection has identified the tree as potentially hazardous or an immediate danger.
- b. If the works are vital to the tree's long-term survival. Dead, dying or diseased trees will only be fully removed when there is no other option.
- c. To abate an actionable nuisance where branches are touching buildings e.g. physical contact with walls, windows, gutters.
- d. The impact on local wildlife of all tree works, specifically felling and pruning, will always be thoroughly considered, with the impact minimised where possible.
- e. Where appropriate, dead and fallen wood will be left on site unless there are sound conservation and safety reasons for its removal.
- f. All tree work will be carried out by a qualified tree surgeon appointed by the Parish Council and in accordance with BS/3998/2010 Recommendations for Tree Work 2010 (and any subsequent revisions). All works must have Parish Council approval and must be carried out by the Parish Council's appointed Tree Surgeon based on their professional advice.

4. Protected Trees

4.1. A Tree Preservation Order (TPO) prevents cutting down, uprooting, topping, lopping, wilful damage or destruction of trees (including cutting roots) without permission.

4.2. It is an offence to cut down, lop, top, uproot or wilfully damage or destroy a tree in a Conservation Area without giving prior written notice to North Kesteven District Council (NKDC).

4.3. Additional approval will be obtained from the Tree Officer at NKDC for trees on which there is a TPO or from the Conservation Officer.

5. Requests for Tree Work

5.1. Whilst the Council will consider the impact of trees in each case on individual merit, the Council **will not** fell or prune trees on Parish Council-owned land if it is not for any of the following non-arboriculture reasons.

- a. Solely to alleviate problems caused by natural and/or seasonal phenomena e.g. falling leaves, fruit, seeds/berries, bird droppings, pollen etc.
- b. Solely for reasons of increasing sunlight/views to properties and gardens.
- c. Solely for the reason that the tree(s) is causing interference with television or satellite reception. In most cases the problem can be resolved by relocating the aerial or satellite dish.

Residents are advised to contact their satellite or TV provider for specialist advice. Removal or pruning to enable clear television reception would only be considered in exceptional circumstances.

5.2. Adjacent landowners have a common law right to prune back tree branches to their boundary, providing that would not lead to tree death and providing the tree in question is not protected by a TPO or situated within a Conservation Area.

5.3 Landowners are reminded that if access to Council-owned land is required to carry out pruning you will require written permission from the Parish Council before carrying out such works.

5.5. The Parish Council will consider formal applications for tree works on its land, but these must be in writing to: Dunston Parish Council Clerk - dunstonparishclerk@gmail.com

5.6. In an emergency please contact the Parish Clerk – 07717 714583
